PUBLIC NOTICE **PROPOSED RE-LOCATION OF BUS STOP**

As part of a project to install raised kerbs at bus stops to help passengers with limited mobility gain access to buses, Ipswich Borough Council proposes to re-locate this bus stop to a new position on Belstead Road, as shown on the plan below. The reason for this is because parking restrictions are also proposed to be provided and it is believed that these would have less impact at the new location than at the current location. If you should have any objections or comments on this proposal please send them marked for the attention of the Integrated Transport Officer at the above address by no later than **Wednesday 20th February 2019**. Please note that any objection or representation may be published as part of any committee report regarding the proposals and if so will be publicly available to view. For further enquiries please telephone: (01473) 432064.
